Nerf Game Options

Invincible Mode - A fun free-for-all with non-stop action!!! No eliminations, no downtime for players. Reloading on the fly.

Elimination - Party goers are divided up into equal teams for head-to-head action. Once a participant gets hit by a dart, they leave the floor. Your team wins when you eliminate all of the players on the other side... Honesty is the expected policy – but we have staff to help keep the game fair and moving along.

Capture the Flag - The Teams defend their own turf while simultaneously mounting an offensive to capture the opposing team's flag. A team is victorious when they return to base with the other team's flag. (Recommended for ages 10+ and smaller groups)

Freeze Tag - Just like Elimination except the players don't leave the floor when hit, they are just "Frozen" and can be "Unfrozen" by being tagged by a teammate. A team wins when they freeze the entire other team, or have fewer frozen when the time expires.

ALL IN - DARTS OUT - "It's on" - in this elimination style option everyone is on their own, last one standing wins.

Tactical Skills Course

Participants move through a dedicated challenge course with specific targets and goals. (Think police training courses) The quickest through the course wins. Course can be run as teams (total time) or as individuals. (Recommended for ages 10 yrs. or older)

What to know

- We are not a rotation-based party program. We do one or two parties a day maximum so there isn't another group in the building waiting to push you out of the party area – if cutting the cake and such run a bit long... no worries. We schedule our parties to allow a buffer so you are not rushed out the door.
- Our typical party experience starts with an hour of nerf battle followed by 30 minutes of pizza/dessert. The participants then return to the main floor for continued battle action. Times are approximate.
- We provide the food, beverages, colorful paper products, utensils, table covers, candles, lighter, goody-bags and invitations. You may provide themed supplies and decorations if you wish – but we do our best to make the party turn-key for parents.
- We supply NERF RIVAL style equipment for the Turn Key Party (and for rentals).
- Our Pizza is purchased from Naples Pizza here in Mullica Hill. We order for one full slice per participant. Additional Pies may be ordered for participants and parents if desired.
- Please remind your guests to arrive 10 minutes earlier than the scheduled start time of the party. We want to maximize the time party-goers have on the floor battling it out.
